Please do what you can to undo the unquestioned damage to the people of San Juan County who have loved their wide open spaces and contributed so greatly to the appreciation of this rugged and beautiful country. Utah has far too much of its land tied up in federal monuments. While you're at it, it would be nice to greatly reduce the amount of federal land in the Escalante Grand Staircase as well. The citizens of the state of Utah should certainly be consulted concerning their own lands.

Judith La Montagne
